

NEMO

NUVOLA wall ceiling

Mario Bellini

Pendant, ceiling/wall and floor lamps. in natural opal polyethylene, in rotational printing. The floor version is also outdoor. Diffused lighting for a widespread and comfortable output. The pendant version is fastened to the ceiling with three suspension cables, adjustable with an outline included in the package. White canopy freely adjustable on the ceiling. The ceiling/wall version is composed by one of the two blocs (deep or flat, to choose) while the IP44 outdoor version has adjustable feet with possibility of ground fixing. All versions are dimmable. For the pendant version, DALI driver on request.
